PORCHITE

THAT there is a demand for a paint especially adapted to Porch Floors is proven by the large number of people who use, with more or less unsatisfactory results, paints intended for interior floors only.

A PORCH PAINT

should dry hard and tough; it should be elastic, to overcome the effects of the widely varying temperatures to which it is subjected, and to resist wear; it should have good water-proof qualities, and its colors should be permanent.

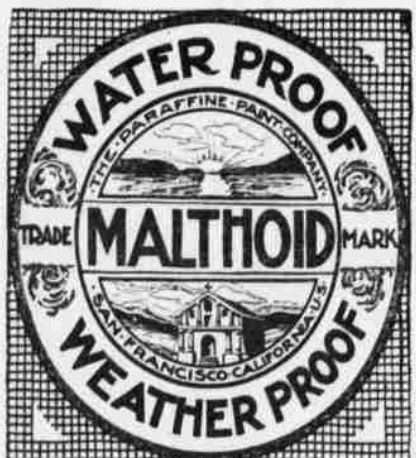

PORCHITE lacks none of the essential qualities of a superior porch paint. It is made in eight well-chosen shades.

One gallon of PORCHITE will cover 350 square feet, two coats, on an average surface. Two coats are necessary for a good job.

Put up in quart, half-gallon and gallon cans.

SCHOOL IN TENTS

San Francisco Children Will Have Summer School.

WILL CONTINUE 3 MONTHS

Tents Each Accommodate Twenty Pupils and is Equipped With Desks and Blackboards—All Branches Are Taught.

SAN FRANCISCO, May 22.—The summer vacation school opened yesterday in Golden Gate Park with Albert M. Armstrong as principal. The militia at the request of the school board, had supplied 115 tents to accommodate the little refugees. They are scattered over the park and it was no small task to get the various grades classified and located. On the recreation grounds, the children's playgrounds in the baseball park and on the main driveway the tents are located and nowhere in the country can be found nearly 600 children more comfortably housed. It is expected that at least 1500 children will soon be in attendance.

Each tent is built to accommodate twenty pupils and is equipped with desks and blackboards. There are numerous books on hand.

Reading and arithmetic will be paid particular attention to, while the classes are in doors. There will be many excursions through the park, so that the pupils can be taught from nature. History will be illustrated by the monuments, zoology by visits to the animal pens, botany by the wealth of wild flowers, and so on down the list of studies. Cooking will be taught by specialists and the children will prepare their own lunches.

The school will be in operation three months.

RACE SUICIDE.

Census Takers in Chicago Find No Children in Rich Quarter.

CHICAGO, May 22.—Census takers for the school board assigned to the Lake Shore Drive and Kenwood precincts gave up their positions yesterday. So did those who had walked all day along Calumet, Prairie and Michigan avenues, ringing door bells and trying to locate minors. Forty enumerators handed their resignations to Secretary Larson after they had spent a day scouring the "race suicide" districts in the effort to find a dinner's worth of children. The census takers are paid at the rate of one cent a name for all children located.

Every enumerator wanted to be assigned to the ghetto and forty of those who were given fashionable precincts gave up the work as bad and unprofitable.

Fifteen enumerators who had been assigned to the fashionable wards announced they had found permanent positions; half a dozen found themselves suddenly overcome by illness, one had to go home and look after the baby, and several were discharged for incompetency.

At a late hour it was reported that all of the enumerators who had been assigned to the Ghetto, were still at work; so were those who had been sent into the stockyard district and into the communities around the settlement houses.

Exposure

To cold draughts of air, to keen and cutting winds, sudden changes of the temperature, scanty clothing, undue exposure of the throat and neck after public speaking and singing, bring on coughs and colds.

Ballard's Horehound Syrup is the best cure. Mrs. A. Barr, Houston, Tex., writes, Jan. 31, 1902: "One bottle of Ballard's Horehound Syrup cured me of a very bad cough. It is very pleasant to take. Sold by Hart's drug store."

FUNERALS HELD UP

Strike of Funeral Drivers Causes Trouble.

BURIAL OF DEAD HINDERED

Striking Funeral Drivers Stop Hearse and Fight is Narrowly Averted Between Mourners and Unionists—Police Are Called.

NEW YORK, May 22.—Though there appeared to be a tendency on the part of the coach owners to get together and try to settle in a body with the funeral coach drivers who are on strike the officers of the latter met yesterday and decided to have no collective settlement.

A number of funerals were held up, but most of the large concerns postponed funerals, where possible. The undertakers usually drove the hearses in cases of funerals. It was next to impossible to get drivers for pleasure parties. The officers of the union reported last evening that twenty out of thirty-five employers had settled with the union individually.

One of the funerals held up was sent out by Mr. Sicardi, an undertaker. The cortege consisted of a hearse and four coaches and had reached Fourth street when President O'Brien and a committee of the union appeared.

O'Brien ordered the drivers to dismount, which they did. The relatives of the dead person began to plead with the strikers, but those in the other coaches were angry and it looked for a moment as though there would be a fight. A policeman came up and soon straightened matters out. The funeral was allowed to continue. A Hebrew charitable organization which conducts funerals free for poor Hebrew families had four to conduct yesterday and Barnett Friedman, president of the organization, asked for police protection. The request was granted. The burial place for the society is Silver Lake Cemetery, Staten Island, and a policeman sat beside the driver of the hearse and wagon in which each was taken.

REBUILD LIBRARY.

SAN FRANCISCO, May 22.—R. B. Hale, chairman of the library committee yesterday submitted to the general committee on reconstruction a report on the condition of the public library. Out of 166,344 volumes in the public library and its branches there were only 23,000 accounted for after the fire.

The library trustees have written to other libraries throughout the United States, for duplicates, if they have any in the way of books and request that a memorandum of such books be forwarded to San Francisco, with the idea of replenishing some of the rare books which San Francisco had in her public library.

There are only two public libraries of any consequence left in the city the McCreery branch, injured by earthquake to the extent of about \$2,000 and the Fillmore branch.

DEMURRER SUSTAINED.

SAN FRANCISCO, May 22.—United States Circuit Judge Morrow yesterday sustained the demurrer and dismissed the bill in the case of George E. Goodrich of New York vs. John W. Ferris, et al.

This was a suit of equity for the purpose of obtaining a decree adjudging that the final decree of distribution in the Superior Court of San Francisco in the matter of the estate of Thomas H. Williams deceased, valued at \$1,445,145 filed on January 5 1897 was fraudulent and of no force and effect against the complainant and asking that the defendant be decreed to be trustees for the complainant of that part of the real estate which complainant claims he is entitled to receive as heir at law of his deceased wife who it is alleged, was an heir of said Williams.

Judge Morrow decided that the Circuit Court did not have jurisdiction.

Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey, of 3322 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 5-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by Frank Hart, and leading druggists.

IMMIGRATION BILL.

WASHINGTON, May 22.—The senate today devoted the greater part of the session to the consideration of the immigration bill, but before it was taken up Senator Culberson made a personal statement contradicting the article in the New York Tribune that the railroad rate bill had been so amended at his instance as to make it ineffective. Previously, the Senate also directed the committee on privileges and elections to consider the courts to be pursued in the case of Senator Burton. The immigration bill was still under consideration when the senate adjourned.

CRISIS OF GIRLHOOD

A TIME OF PAIN AND PERIL

Miss Emma Cole Says that Lydia E. Pinkham's Vegetable Compound has Saved Her Life and Made Her Well.

How many lives of beautiful young girls have been sacrificed just as they were ripening into womanhood! How many irregularities or displacements have been developed at this important period, resulting in years of suffering!

A mother should come to her child's aid at this critical time and remember that Lydia E. Pinkham's Vegetable Compound will prepare the system for the coming change and start this trying period in a young girl's life without pain or irregularities.

Miss Emma Cole of Tullahoma, Tenn., writes:

Dear Mrs. Pinkham: "I want to tell you that I am enjoying better health than I have for years, and I owe it all to Lydia E. Pinkham's Vegetable Compound."

"When fourteen years of age I suffered almost constant pain, and for two or three years I had soreness and pain in my side, headaches and was dizzy and nervous, and doctors all failed to help me."

"Lydia E. Pinkham's Vegetable Compound was recommended, and after taking it my health began to improve rapidly, and I think it saved my life. I sincerely hope my experience will be a help to other girls who are passing from girlhood to womanhood, for I know your Compound will do as much for them."

If you know of any young girl who is sick and needs motherly advice ask her to write Mrs. Pinkham, Lynn, Mass., and she will receive free advice which will put her on the right road to a strong, healthy and happy womanhood.
